

Estimated Timeline for Recruitment:

- As soon as available (Spring of high school senior year):
 - Attend an informational meeting, or look at online materials available from the Colorado Springs Alumnae Panhellenic (CSAPA) (see contact info below)
 - Gather information about which sororities are at my chosen college(s)
 - Gather information about my college's sorority recruitment and membership by going to the college Panhellenic website.
- 2-3 months before recruitment starts
 - Talk with parents about what I learned at information meeting/online
 - Register for my campus Panhellenic (sorority) recruitment- this is usually online
 - Make sure I know and understand all of my campus Panhellenic's deadlines and other requirements for participating in recruitment.
 - Develop a social resume- see an example on CSAPA website
 - Find out if any family members or family friends are members of NPC sororities. Ask personally and reach out through social media. If the chapters at my campus accept recommendations, ask my friend/family member to write a recommendation for their sorority and submit it to the chapter at my campus. Many of these are now online.
- 2 months before recruitment starts
 - Decide who I will ask to write recommendations for each sorority located on my college campus. Best if it is someone I know such as a relative or family friend.
 - **DON'T WAIT UNTIL THE LAST MINUTE TO PROVIDE INFORMATION OR REQUEST RECOMMENDATIONS!**
 - Contact CSAPA through their website for local alumna contacts for sororities where I don't have a personal contact.

- Contact local referred alumnae to arrange for any sorority recommendations that I need. This may require a meeting.
- Summer before beginning college
 - Attend college sorority orientation
- 1 month before recruitment starts
 - Submit any remaining paperwork for recruitment
 - Verify the Recruitment schedule at your school to prepare for appropriate attire and other expectations
- August-September
 - Start college, go through recruitment! Enjoy!
